

SERENITY

(Music/Lyrics – Filippou Papakyriakou)

Shades of a hope
it's not your fault that's how you have been taught
Oh...they were wrong
childhood's gone, now the time is ticking on
Time is ticking on...

**Can't you see, you are on your own now
lost in a dream
Distant sky, could you take me with you
Serenity**

Time heals they say
seems your life has taken the wrong way
oh...can't you hear
the lights are on and eternity is near

**Can't you see, you are on your own now
lost in a dream
Distant sky, could you take me with you
Serenity**

Drown in a tear, passion and fear
but I'm always here for you

**Can't you see, you are on your own now
lost in a dream
Distant sky, could you take me with you
Serenity
Curtains fall and the scene is closed now
your heart is cold
One last word and the play is over
Serenity**
